## THE SUITE LIFE

Each of the 25 connecting canal houses that form the Pulitzer Amsterdam hotel is conceived to feel like an intimate pied-à-terre. And inside, a selection of extraordinary suites await.

The Antique Collector's Suite is awash with a glorious collection of antiques, marble finishes, brass oddities and crystal details. The Moooi smoke chandelier and smoke chair by Maarten Baas elevate the suite with a wink to modern days, while the Anouk Beerents antique mirror is a statement to the house's rich history.
